C-PRO. 95

- ANNOUNCER: Uncle Sam's Forest Rangers
- 2. MUSIC: Quartet, Rangers Song
- 3. ANNOUNCER: Within the past few years general public interest in tree
- 4. planting has increased amazingly. Undoubtedly the reason for
- 5. this is that people are becoming more and more aware of the value and
- 6. necessity of forests and forest products to the economic stability and
- 7. welfare of our communities and our nation as a whole. Several cities
- 8. and towns are now systematically going about the business of planting
- 9. new community forests and protecting old ones. In several states school
- 10. children have planted forests of their own, which they care for under
- 11. expert supervision. A large number of civic-minded organizations
- 12. have sponsored forest plantings to benefit their communities. In the
- 13. last few years a number of organizations and individuals have cooperated
- 14. with the U. S Forest Service by raising funds for seedling trees to
- 15. replant denuded areas on National Forest land. The seedlings are plants
- 16. by the Forest Service and a marker erected to show the name of the perso
- 17. or the organization donating the trees
- 18. Well . here we go a gein to the Pine Cone National Forest
- 19. Ranger Jim Robbins and assistant Ranger Jerry Quick are in the office of
- 20. the Ranger Station. At the moment, Jim is talking on the phone ....

	JIM	(FADING IN) No, that planting project is being sponsored by
۵,		the Ladies! Club it's up on the Great Horn Mountain road
3.		Yes, it's an area that was buried over by a bad forest fire
**		about three years ago Well, anybody who wants to take a past
5		in it can finance enough trees to plant a whole acre for a few
6		dollars, and we can name the planting for anyone you went to
		Yes, that's it Well, if you'll call Trs. Melcher, she can
		give you all the details That's all right. Goodbye
9,		(RECEIVER IS REPLACED)
10.	JERRY:	Say, Jim, how come the Ladies' Club put Mrs. Melcher in charge
11.		of their tree planting project?
18.	JIM:	Bess said it was Mrs. Melcher's idea.
13.	JERRY:	Even so they didn't have to put her in charge of it.
14.	JIM:	Well, I guess she was pretty anxious to have the job.
15.	JERRY:	What's the matter with their forestry committee?
16.	71113	I understand the club did plan to have the ferestry committee
		take charge of their tree planting program but Mrs. Helcher
18.		was so interested in it they almost had to put her in charge
13	JERRY:	I can't help laughin' when she comes over here to talk to you
80.		about it. She acts so important.
81.	JIM;	(CHUCKLING) Well, it is important, to my way of thinking
32.		And she's doing a good job.
28,	JERRY:	I guess she is, all right. She's got all kinds of folks around

1,	JIM	Uh huh. I was talking to Shorty Evans down at the drug store
		yesterday, and he said his kids wanted to do the planting
		themselves.
	JERRY!	He s sponsoring an acre of planting for each of 'sm, isn't he?
		That's right. And you'll see 'en right on deck Sunday when
		we have the dedication ceremonies.
	JERRY:	The one that goe me was Elmira Baker, wanting to dedicate a
		planting to herself and call it "Humber, please."
	JIM:	(CHUCKLING) Well, that's appropriate for a telephone operator.
		isn't it?
	JERRI:	(LAUGHING) Yesh, but she should have called it something like
		"general gossip service " That's be more appropriate.
	JIM:	I sipose you heard about Andy Goodman's wife and her planting?
14.	JERRY:	She's gonna have three acres isn't she?
	JIM:	That's the last I heard. But at first Andy only subscribed
		for one acre. Then when his wife found out Mrs. Thompson was
		going to have two, she made Andy subscribe for three scres.
	JERRY:	(LAUGHING) Nothing like a little competition. Anyway, they're
		sure helping us out. No telling when we could get that area

	SLIM:	I'll sure have 'er up there on time.
	JIM:	All right, Slim Come to think of it, Mrs. Melcher, I don't
		know but what it would be quite appropriate to plant trees in
		honor of Bertha. There aren't many of us that have served any
		longer or more faithfully on this National Forest than old
		Bertha has. You see, she's hauled thousands of little seedling
		trees for others to plant up in our forest, and she's carried
		many a ton of food and supplies in her time to fire fighters
9 .		and trail crews and others working to protect our trees. Of
10.		course, I reckon she has her faults, but it seems like she's
		always come through in smergencies Now, I wonder if it
18.		wouldn't be one way of kinds showing our gratitude
	MRS. M:	Why, Mr. Robbins, of course it would. I hadn't thought about
		it like
15.	SLIE	Say, that's mighty fine, Mrs. Melcher. Bertha's sure gonna
		be pleased And say, looky what I got here (RATTLE OF PAPER
		AS HE UNWRAPS PACKAGE) I brought Bertha a present.
	IRS. II:	Is it her birthday?
	SLIM:	Nope, this is fer the dedycation. I was gonna ask lirs.
		Robbins about it.
